

Total Releases by Industry by industry

FORECASTED RESULT FOR 2023

Industry with Highest Release in 2023:

Oil and gas extraction(except oil sands)

Industry with Lowest Release in 2023:

Petroleum refineries

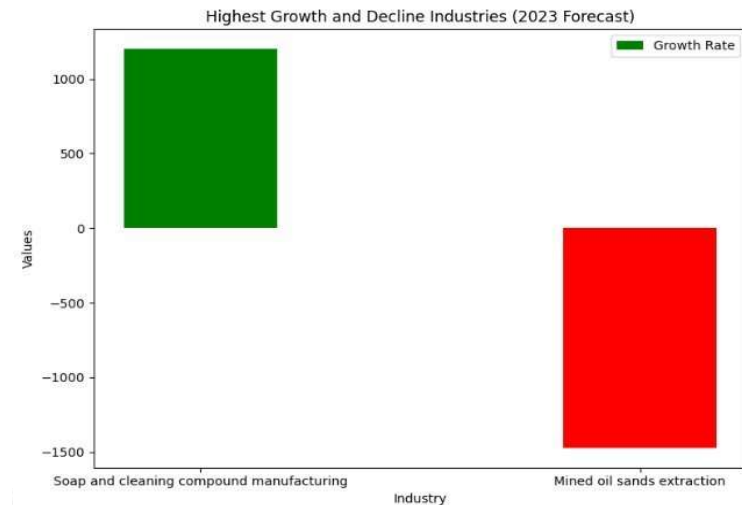

Industry with Highest Growth:

Soap and cleaning compound manufacturing

Industry with Largest Decline:

Mined oil sands extraction

Model_performance - MAE: 1.39, MSE: 1.94, RMSE: 1.39

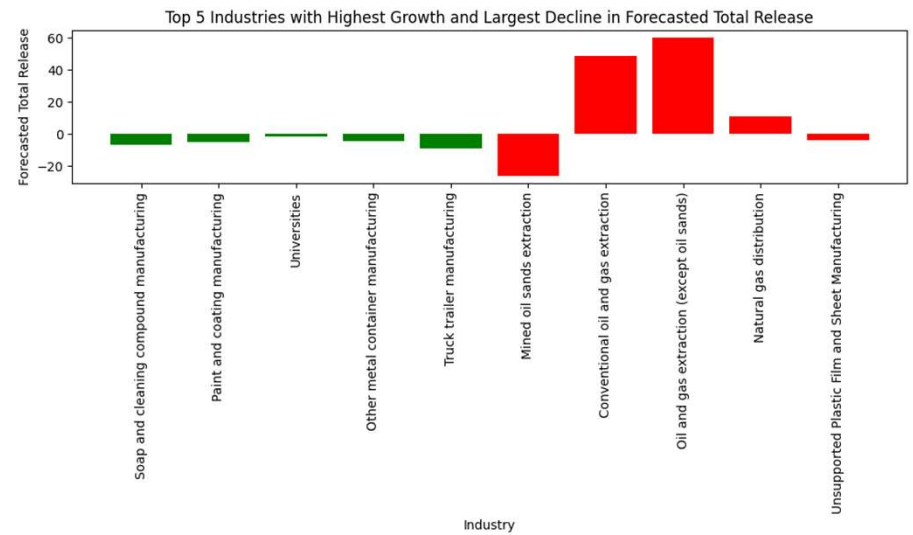

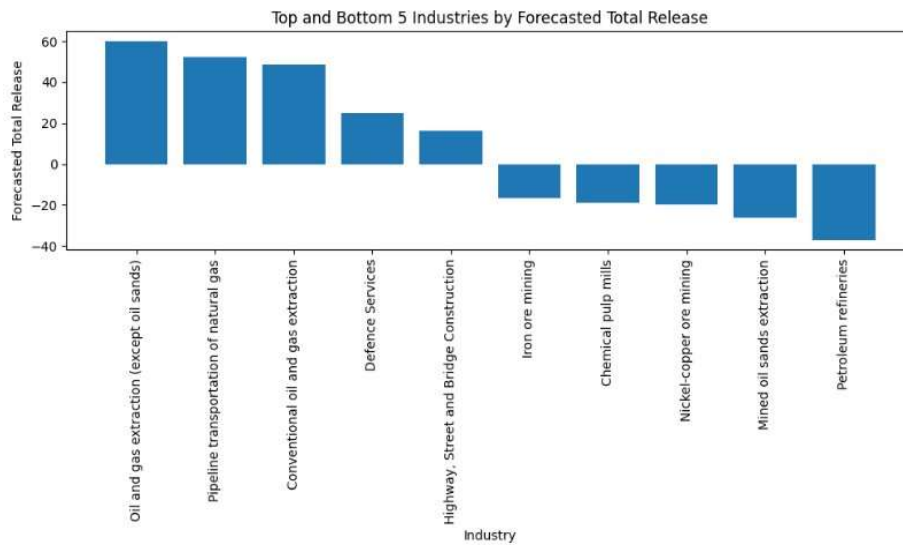

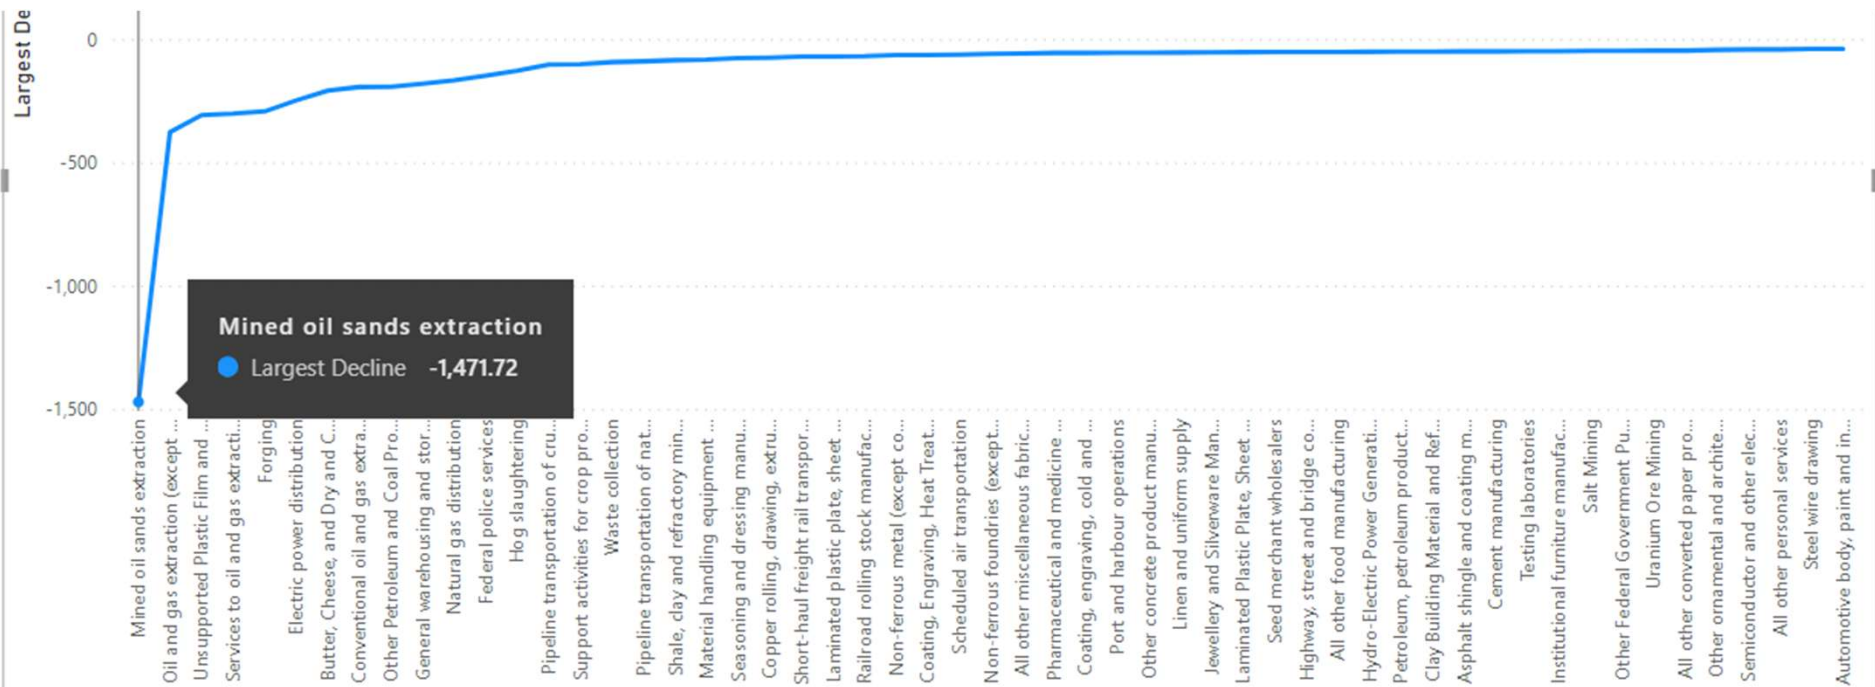

Forecast Summary:

Industry with highest growth: Soap and cleaning compound manufacturing
Predicted growth rate: 1199.88%

Industry with largest decline: Mined oil sands extraction
Predicted growth rate: -1471.72%
